Subject: Urgent Concerns Regarding Loans, Grants, and Investments in Ethiopia

To All Nations and International Institutions,

We, the undersigned representatives of the United Amhara Political Wing (UAPW) and the Amhara community, are writing to express our deep concerns regarding the financial transactions and investment agreements involving the current Ethiopian administration.

It is with great regret and a sense of urgency that we bring to your attention our collective rejection of the validity of any grants, loans, or loan restructuring provided to, or under consideration for, the present Ethiopian administration. We firmly declare these transactions as null and void on the grounds that the current Ethiopian administration, as deemed by our perspective, is engaging in acts we categorize as genocidal against the Amhara people.

We understand the significance of international collaboration and financial support for the development and well-being of nations. However, we believe it is our moral duty to highlight the misuse of such funds and resources for actions that go against the principles of humanity.

To domestic and international investors who have obtained or are contemplating acquiring assets, including lands, within the borders of Ethiopia, we wish to make it clear that the agreements entered into or under consideration are regarded as null and void by the United Amhara Political Wing (UAPW) and the Amhara community. The lands and assets in question are recognized as belonging to the Amhara community.

We feel compelled to inform you in advance that when the Amhara community assumes leadership, agreements made with the current Ethiopian regime, which we label as fascist, will be considered invalid. We urge you to take these considerations into

account and act in accordance with the principles of justice, fairness, and respect for human rights.

We appreciate your attention to this matter and anticipate your understanding of the gravity of the situation. If you require further information or clarification, please do not hesitate to reach out to us.

Thank you for your time and consideration.

Sincerely,

Central Committee
